

Our health and safety precautions at a glance:

- Wellness screening in the front door for all children and staff entering the building. No parents allowed in, except for nursing mothers.
- Sanitizing hands prior to entering the classrooms, during all the required times throughout the day and prior to departing with soap and water for at least 20 seconds.
- Cleaning, sanitizing and disinfecting all surfaces throughout the day.
- Gloves will be used in all the food preparations.
- Limiting toy rotations to plastic (removing all cloth toys and dress up).
- Children in the playroom (ages 3 and up) will be required to have a face covering with them all day to use when necessary.
- Children who do not pass the very rigorous wellness checks will not be allowed entrance to rooms.

Should a Covid-19 case arise all families will be notified and the center will close following guidelines from the Department of Health.
