

SUPERIOR Child Care

Reviews

REVIEWS: Guests evaluation of the service we provide is, as a parent myself, an indication what to expect. As you walk in to trust a stranger with your child, please know that I fully understand that feeling and will ensure they receive the BEST care.

This is a very professionally run care center. It is clean, healthy and compassionate. The owner and workers understand kids and give the best possible care!

Ilse and her staff are AMAZING. As a new mom, it was a bit nerve-wracking to think about choosing someone to care for my child. However, my son has thrived under Ilse's care. She carefully selects her employees and ensures that they are well-trained, caring, and responsible. I am so thankful for the care she provides my son, and I enthusiastically recommend her to anyone.

Seriously one of the best child care facilities I've ever experienced. Second only to the child care at Alta!! Ilse is amazing and takes excellent care of every child. She sends pictures and updates which keeps my mommy heart carefree! Love you Ilse!! Thanks!

Wow! As a mother of a very adventuresome 1 1/2 year old who had never gone to day care I was definitely hesitant about visiting the new camp snowbird after I was wildly disappointed with what I had experienced last year, no one greeted me, children were running around with no adult and then when I finally found someone they had no answers to my really simple questions 😬 I definitely was not going to leave my new baby there. This year I was informed that someone new had taken over the facility and I heard nothing but amazing things from people who had visited her other locations. They were all absolutely correct, Ilse, the owner, is so welcoming and has created a sanctuary for children of all ages! Her staff is attentive, fun, knowledgeable, present! I'm so wonderfully surprised by all the improvements she's made and I would absolutely recommend using her two little cottonwood locations if you feel like venturing at snowbird or Alta!
